**WHY  
RISE**

## WHY RISE

A complete range of motorized display lift systems that allows you to intuitively and safely set a screen in the right place and at the right height. Moving a motorized lift system should go without thinking, with your hand on the screen and your mind on the story.

Thanks to the quality components, high-end design and highest international safety standards, your installation will RISE to the next level.

# WHY RISE

- RISE is a complete line-up of motorized lit systems
- RISE meets the highest international safety standards as TÜV 5, UL, GS, CE & ADA.
- RISE has the fastest actuators, even with full load capacity.
- RISE is easy and fast to install .
- RISE is durable, up to 30.000 cycles.
- RISE is sustainable. The products are packed in a single cardboard box with no plastic or PU foam.
- RISE is an attractively priced premium product.

# RISE Complete line-up

Floor wall solutions, trolleys and floor stands.

Specifically designed to accommodate for large displays up to 98 inches or 105 inch stretch

Maximum weight 120 kg for trolleys and 140 kg for wall lifts.

All products available in black, floor wall solutions also available in white.

A full line-up of accessories, including universal whiteboards

# RISE safety standards

Safety is paramount at Vogel's.

- Tested up to 5 times the specified maximum load (TUV 5).
- Tested up to 10 degrees tilting angle, even with Whiteboards mounted.
- RISE 2XXX, 3XXX and 4XXX are ADA compliant
- RISE 2XXX, 3XXX and 5XXX are UL compliant
- All products 5-year guarantee.

# RISE has fastest actuators in the market

RISE offers the fastest actuators in the market, even with fully loaded weight capacity:

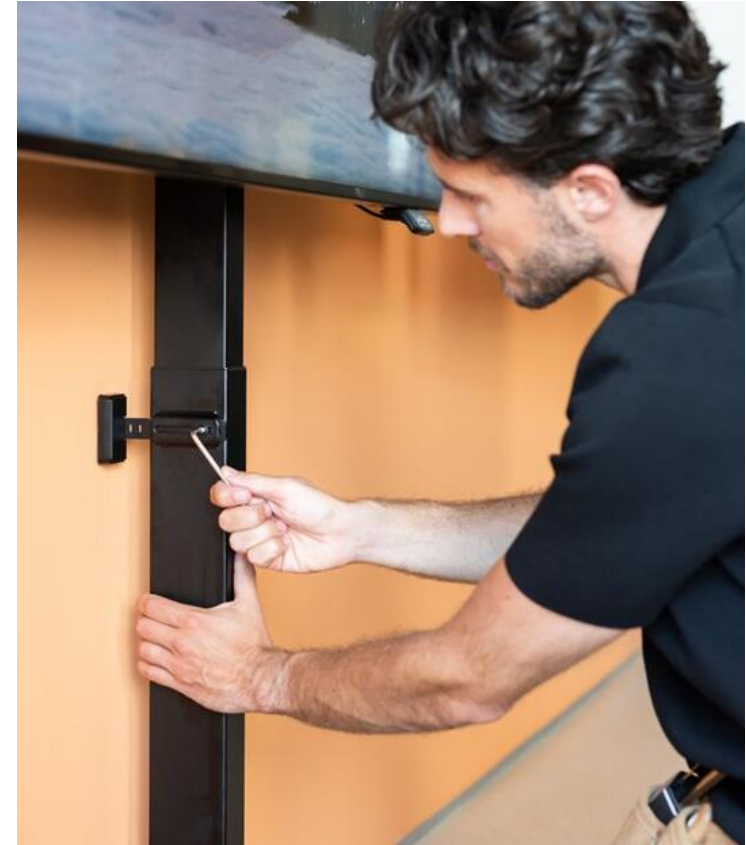

- Competition also claims 50 or 80 mm/s or even more, but do they also reach this with full capacity? The answer is no.

# RISE is easy and fast to install

The RISE Series are designed with easy and fast installation in mind.

- Top-down installation - all fasteners are accessible from the top of the lift system.
- Professional manual and trustworthy documentation
- Additional power cable connector in lift base to attach a power cord to.
- Total time to install lift is around 20 minutes (with whiteboards an additional 15 minutes).

# RISE is durable

At Vogel's we believe that the best way to preserve the environment is to make products that will last a very long time.

- Use of only high-quality components and materials.
- Endurance tested more than 30.000 cycles.

## **Sustainable design**

Endurance tested design of more than 30,000 cycles

# RISE is sustainable

- Vogel's is B-Corp certified.
- Packed in one compact carton delivery box.
- No plastics or PU foam used.
- Total weight of waste is only 4300 grams of cardboard per lift.

## RISE safety - ChildLock and anti-collision

A child lock feature is integrated as standard in all RISE Series motorized lift systems which keeps the youngest pupils safe in an unsupervised moment.

- ChildLock keeps children away from operating the lift
- The ChildLock feature enables you to easily lock the lift system when needed.
- ChildLock automatically switches on after 5 minutes
- ChildLock can be disabled permanently if desired
- All products do have an anti-collision safety mechanism

# 2000 Series

# 3000 Series

# 4000 Series

# 5000 Series

## RISE 2000 Series – Floor supported wall mounts

- Displays up to 98"
- Max. 140KG
- 985 mm stroke
- 50mm/s or 80mm/s
- Available in black and white
- Cable management
- Whiteboards up to 86"
- Wide range of accessories
- Anti-collision
- CE, TUV, UL, GS & ADA certified

## RISE 3000 Series – Economy trolley

- Displays up to 86"
- Max. 100KG
- 700 mm stroke
- 50mm/s
- H-frame, basic wheels
- Available in black
- No cable management
- No whiteboards
- Range of accessories
- Anti-collision
- CE, TUV, UL & ADA certified

## RISE 4000 Series – Flexible mid range trolleys & stands

- Displays up to 86"
- Max. 120KG
- 700 mm stroke
- 50mm/s or 80mm/s
- Open H-frame, basic wheels
- Available in black
- Cable management
- Whiteboards up to 86"
- Wide range of accessories
- Anti-collision
- CE, TUV, GS & ADA certified

## RISE 5000 Series – Ergonomic premium range trolleys

- Displays up to 98"
- Max. 120KG
- 985 mm stroke
- 50mm/s or 80mm/s
- High end aluminum ring frame
- Available in black
- Cable management
- Whiteboards up to 86"
- Wide range of accessories
- Anti-collision
- CE, TUV, UL & GS certified
