

MODULAR LCD/PLASMA

RIGHT-ANGLED LCD/PLASMA WALL SUPPORT

PFW 950

The PFW 950 right-angled LCD/Plasma ceiling support features a wall mounting plate with a 72cm arm and turn & tilt unit. **NOT including interface FAU 3150 or FAU 3125. Suitable for displays up to 42".**

The PFW 950 right-angled LCD/Plasma ceiling support is part of a modular system which enables you to create your own wall mounting solution for LCD/Plasma TVs up to 60 kg.

Just add the needed universal LCD/Plasma interface (FAU 3150/3125), depending on the display.

The Autolock[®] locking system locks the interface onto the support and prevents the display from falling of the turn&tilt unit when accidentally lifted. The optional lock PFA 9008 blocks the locking system, hence preventing theft.

This support is especially applicable in hall ways or in corners, if the connecting wall is not suitable for mounting.

- Autolock[®] locking system
- NOT INCLUDING interface FAU 3125 or FAU 3150
- Specially designed for passageways, halls, lecture theatres etc.
- With stylish wall cover

 **MAX. 60 kg 133 lbs**
